## Theme:

**INSIDE OUT** is about transformation, and it can only start by looking in the heart. As much as you desire to change behavior, it will never stick unless you change the inside. There needs to be a renovation. Before you begin to think about changing the world...or your teammates, first you need to change. Even change as a competitor—on and off the field! You need to surrender and commit. As you become real, God works in you, and then He works through you. Being an **INSIDE OUT** Christian is about sacrifice, commitment and surrender.

**Romans 12:2 is our camp verse**
