## Happy New Year!

I am so thankful to be on staff with Fellowship of Christian Athletes. It is such a blessing to be on the front lines and such an honor to work with wonderful coaches who have hearts for kids and to be able to build relationships with the coaches and athletes themselves.

I am even more thankful for a savior who loves me unconditionally and who shows me such grace, mercy & love!

Also, for you, my home team, who thru prayer & financial support, allows me to be a part of furthering HIS kingdom. Thank you from the bottom of my heart for your support, prayers and encouragement. Here are highlights of some current events and of up-coming events for 2007.

*blessings,*

*Jana H. Cansler*

The key to successful huddles in the middle and high schools are well trained student leadership teams. It's the students who are responsible for organizing and pulling together the huddles being overseen by the coaches and teachers.

**Westside Middle Huddle Leadership Team**  
(left) Turner Fordham, Katie Kirk, Savannah Pierce, Jacob Maddox, Courtney Johnson and Jenna Williams

Leadership camps are a great way to accomplish this, yet not all the student leaders can attend. We have gone into the schools and have individually trained the students and above you will see one of our groups, Westside Middle who finished the 3 week huddle training. I get so much joy out of working with these kids who love the Lord & FCA!!

ONE WAY TO PLAY! Is FCA's drug free program to confront the problem of drug use. It goes far beyond the program of "JUST SAY NO!" The three main ingredients of FCA's OW2P is **FAITH, COMMITMENT & ACCOUNTABILITY**. A game plan for success!!

Pray for me as I partner with former female college athletes to speak to girls athletic teams at the middle, highschool and college level. Many students pray to receive Christ along with making commitments to staying drug free.

I'll keep you posted! :)

## UP COMING EVENTS
